## PROFILE

A Mechanical Engineering undergraduate at the University of Moratuwa with academic project experience in mechanical design, CAD, manufacturing engineering. Interested in practical product development, automation, and modern manufacturing. Seeking an industrial placement opportunity where I can contribute to real mechanical engineering work while developing strong industry-ready design and problem-solving skills.

## EDUCATION

**University of Moratuwa** Mar 2024 - Present

BSc Engineering (Hons), Mechanical Engineering

## TECHNICAL SKILLS

• SOLIDWORKS • Solid Edge • Mechanical Design • MATLAB • Python • MS Office

## PROJECTS

**Machine Design - Compost Grinding Machine** July 2026 - Present

*Ongoing Group Project*

- Working within a team to develop a gearbox-driven compost grinding machine using three forward speeds and one reverse speed to accommodate different torque and speed requirements under varying grinding loads.

**Reverse Engineering of a Table Lamp** Jan - May 2026

*Group Project*

- Assessed product materials, structure, manufacturing methods, cost-effectiveness, and safety, and proposed material substitutions and design improvements.

**Production Flow Efficiency Analysis – Sahan Food (Papadam) Company** July 2026 - Present

*Ongoing Project*

- Analyzing plant operations and production flow to evaluate process efficiency with a proposal to reduce flour wastage in the production process.

**Mesh Dependence in a Slightly Modified De Laval Nozzle** June 2026

- Analyzing the influence of mesh quality on predicted velocity and pressure behavior in compressible supersonic flow, including how the flow departs from the traditional Bernoulli’s assumptions using SOLIDWORKS and ANSYS.

# AVISHKA HERATH

## LEADERSHIP & VOLUNTEERING

**Assistant Treasurer - Leo Club of Polgasowita** July – Oct. 2026
*LEO District, Sri Lanka & Maldives*

**Suwa Sathakara Project - Organizer** Sept. 2026
*LEO Club Polgasowita*

## CERTIFICATIONS

**Simulink Onramp** - MathWorks Jul 2026

**Python Essentials 1 & 2** - Cisco Oct 2025 - Feb 2026

**Digital Twins** - University of Michigan Mar 2026

**Intro. to Model-Based Systems Engineering** - Siemens Jan 2026

## SOFT SKILLS

- Teamwork
- Time Management
- Communication
- Leadership

## LANGUAGES

- **English** – Fluent (Full Professional Proficiency)
- **Tamil** – Elementary
- **German** – Developing (In Progress)

## REFEREES

**Dr. Lihil U. Subasinghe**
Senior Lecturer
Department of Mechanical Engineering,
University of Moratuwa
Contact: +94 11 2640465
Email: lihils@uom.lk

**Dr. M. M. Inoka Manthilake**
Senior Lecturer
Department of Mechanical Engineering,
University of Moratuwa
Contact: +94 70 722 0235
Email: imanthilake@uom.lk
